HOT SPRINGS RAPIDLY GROWING IN POPULARITY.

More Than One Hundred Thousand Visitors in the Year Just Closed.

The Republic Bureau, 14th St. and Pennsylvania Ave., Washington, Sept. 27.—The report of Martin E. Elsie, superintendent of the Hot Springs reservation in Arkansas for the year ending June 30, was made public today by the Secretary of the Interior.

According to Superintendent Elsie, the period covered by this report has been the most successful as to results accomplished of any previous period reported.

"From a careful observation of the increased patronage of this resort during the year just closed, it is evident that the fame of the Hot Springs as a health resort is growing rapidly; that the wonderful curative properties of the waters, augmented by the pure and restful environment, and the pleasure and recreation features of this place combine to make this city the ideal health and pleasure resort of the continent. While the increase in patronage has been constant, the most marked percentage has been during the last five years.

The year just ended shows a total of 101,000 visitors to the Hot Springs, which is approximately a gain of 100 per cent in five years and is the highest water mark in its upward march to prosperity and popularity. This is a most remarkable record and is taken as a reflection of confidence and faith of the public in the curative and healing properties of the waters. That this great leading agent exists in the Hot Springs is manifested by its increasing patronage and the fact that it is the only place in the world where the waters are so pure and restful, and where the curative properties are so pronounced. The report shows the total number of paid baths to have been 62,500; complimentary baths, 1,188; and Government baths, 124,285, making a grand total of 187,973.

Superintendent Elsie states that the completion of the new public bathhouse, to meet the demands of the increasing class of bathers, is the most important feature brought to the attention of the public. The new bathhouse is a fine structure, built of stone and concrete, and is the largest and most complete of its kind in the world. It is situated on the edge of the Hot Springs, and is the only place where the waters are so pure and restful, and where the curative properties are so pronounced. The report shows the total number of paid baths to have been 62,500; complimentary baths, 1,188; and Government baths, 124,285, making a grand total of 187,973.

SMOTHERED HER BABY SISTER
Little Girl Lay on Infant During Night, Causing Suffocation.

REPUBLIC SPECIAL.
Anadarko, Ok., Sept. 27.—Mr. and Mrs. Charles Steel, living seven miles south of town, found their 6-week-old baby smothered to death in their bed this morning.

A little daughter slept in a separate bed before the night and getting into bed with her parents and the baby. When she climbed into her mother's bed, she lay down on the baby, who was smothered. When the parents awoke in the early morning they found the baby dead.
